Mental Health Association

Your Leading Mental Health Resource

The Mental Health Association (MHA) promotes mental health and wellness and supports those with mental illness by sponsoring and implementing advocacy, education and community service programs. A private, nonprofit, United Way (#8151) agency, the MHA has served Montgomery County residents for over 45 years. The MHA currently manages 12 major direct service programs for children, teens, families, senior adults and individuals with long-term mental illness. Over 1,000 volunteers implement programs under the direction of the MHA professional staff. To help further the philosophy that mental health is as important as physical health, the MHA offers affordable, valuable and timely seminars on a variety of topics to all segments of the community.

Your generous contribution will help adults, families and children in many ways, for example:

- \$50 will buy a car seat for the infant child of a teenage mother.
- \$100 will pay for 4 visits to a homebound senior adult.
- \$250 will allow a family to receive 10 counseling sessions.
- \$500 will allow 5 adults to attend English as a Second Language (ESOL) classes.
- \$1,000 will furnish an apartment for a homeless adult.
